

REPORT BY THE CHAIRPERSON

I am delighted to present my first report as Acting Chair of the Champs Committee.

We have had an amazing year in our first as a Committee with it being a successful year in terms of money raised, well attended events and support from the parent body.

As the Treasurer's report will detail, we raised £5701.40 which is a fantastic amount considering it being our first year.

We have been delighted to be able to donate an amazing total of £4210 to the school. This has paid for many things for the enhancement of the children - we have paid for the children's Young Voices coaches and t-shirts, helped fund the Science week including providing funds for Lush to provide a workshop, helped fund Sports week, provided funds towards school trips - all of which has helped reduce costs of these events to the parenting body.

We were pleased with the parent support for our events and fundraising activities during the year in terms of attendance at the events, and the feedback we have received has been positive.

It is important that we continue to build on the increased support for our events. We are hoping to welcome many new members onto the committee in the new academic year. Any parents who want to join the committee are warmly welcomed. The more support we have from both the Committee and the parenting body the more successful we can become, and thus helping reduce costs to parents even further.

We have also continued to try to communicate more clearly with the parent body about the work of the PTA and what we are aiming to fundraise for. This will further progress in the new academic year with more newsletters being sent out to the parenting body.

In conclusion, I would like to thank every member of the committee for their support in the year and the considerable time and effort they put into organising the events we run. I would like to say thank you to the Staff of the school in particular Mr Rossi who have been a massive support to the committee and our events and I hope will continue to do so.

Diane Allen, Acting Chair, Castle Hills Primary PTA 19th July 2017
