## PRIVACY NOTICE (September 2017)

for

# THE KEYS FEDERATION ACADEMY TRUST

### **Data Protection Act 1998: How we use your information**

The Keys Federation Academy Trust and our schools collect and hold personal information relating to our pupils, and may also receive information about them from their previous school, the Local Authority and/or Department for Education (DfE). We hold this personal data to:

- Support our pupils' learning;
- Monitor and report on their progress;
- Provide appropriate pastoral care, and
- Assess the quality of our services.

This information will include their contact details, national curriculum assessment results, attendance information, any exclusion information, where they go after they leave us and personal characteristics such as your child's ethnic group, any special educational needs they may have as well as relevant medical information.

We will not give information about our pupils to anyone without your consent unless the law and our policies allow us to do so. If you want to receive a copy of the information about your child that we hold or share please contact the Admin Officer at the school office.

You should be aware that from time to time, the schools will choose to share your child's data with organisations external to the schools, often for operational reasons. For example, pupil information may need to be shared with the school photographer or the operator of the school dinner money.

We are required, by law, to pass some information about our pupils to the Department for Education (DfE). This information will, in turn, then be made available for use by the Local Authority.

DfE may also share pupil level personal data that we supply to them, with third parties. This will only take place where legislation allows it to do so and it is in compliance with the Data Protection Act 1998.

Decisions on whether DfE releases this personal data to third parties are subject to a robust approval process and are based on a detailed assessment of who is requesting the data, the purpose for which it is required, the level and sensitivity of data requested and the arrangements in place to store and handle the data. To be granted access to pupil level data, requestors must comply with strict terms and conditions covering the confidentiality and handling of data, security arrangements and retention and use of the data.

For more information on how this sharing process works, please visit:

For information on which third party organisations (and for which project) pupil level data has been provided to, please visit:
