Artwork Guidelines

- Artwork must be completed on A4 or A5 sized paper or card. The artwork can be either landscape or portrait. Please attach artwork to this order form with Pritt Stick. Don't use staples, paperclips, or sellotape as it will spoil the look of the artwork!
- So that we can print the design correctly please circle the tree which shows the correct way up for the picture.
- Keep important details such as text, border designs and or important features at least 1cm away from the edge of your A4/A5 design. We cut the finished cards a couple of mm in from the edge so as to avoid white lines on the cards and we hate trimming off important details! ***Please note anything extending beyond the A4 or A5 design will not appear on the finished card at all.***
- Please try to keep designs unfolded and damage free as creases and marks will show on the final print.

To complete the card design you may use a wide range of materials. Bold and bright designs that fill the paper produce the best effect. Large areas of white background are less effective.
