

Governor Profile

CHARLOTTE BOWER

Since joining the Governing Body in 2014 I have been the Child Protection Governor and I am also on the curriculum committee. I am a primary school teacher working part time in three local primary schools. I have worked in a variety of schools, teaching all age groups and been part of the senior management team of a school, which involved striving to raise standards, monitoring pupil progress, and developing positive relationships with children, teachers, parents and the wider community. Being a governor is a rewarding and fulfilling role.
