

Governor Profile

CLAIRE BAKER

I moved to Holme on Spalding Moor in 2006 & have three boys, two of whom attend HOSM Primary School. I graduated from Leeds Metropolitan University in 2004, having studied Business Studies, and embarked on a career in retail management before leaving in 2012.

At that time, with two young children, I threw myself into being a full-time 'mummy' & joined The Committee of HOSM Baby & Toddler Group. I began supporting the school by listening to readers when my eldest son started school, but joined the Governing Body because I wanted to increase my level of commitment & involvement in the school. I am a member of the Resources & Curriculum Committees, SEND Governor, Class 9's Governor, and the Editor of the Governor Newsletter. And I have recently been elected Vice-Chair of the Governing Body.

I identified strongly with what The Governing Body sees as their role: "to actively support, encourage, monitor and challenge the school staff and children. Our desire is to see children develop into well rounded young people while they are in our care".
