

# Dalton School

One of our main aims this year is to promote learning outside the classroom and make more use of our beautiful surroundings.

Mrs Britton's class have been taking part in a series of lessons relating to character building and resilience organised by West Lancashire Sport Partnership. The children have been set different tasks each week and need to work as a team to achieve their goal. All the activities have taken place outdoors and challenged the children mentally and physically.

Their first task was to build a shelter.

Another task was to create a bed which had to be raised off the ground.

This caused a great deal of discussion and hilarity!

The children in year five and six have also taken part in a full day outdoors taking part in a number of 'Forest School' type activities.

We are so fortunate to have the woodland so close to school which can be utilised throughout the seasons.

They completed a range of activities, which covered many areas of the curriculum.

The children ate their lunch outside and even enjoyed washing their pots afterwards. They are certainly looking forward to their next adventures outside. Thank you Mrs Britton.
