

# **KS2 Indoor Hockey**

5/12/17

20 children from Hillside and Lepton attended the second indoor hockey festival. All of the Hillside children had been to first event so they knew what to expect. With their previous knowledge they were soon dribbling and passing to each other during the drills that the young leaders from Newsome set up. The children were then split into teams and took part in a round robin tournament. Again the skill levels of the children improved, with more technical advice been given the teams were able to play to a higher standard. Another great event organised by SPIN.
