

22nd December 2017

Dear Parents/ Carers,

One full term completed already and we've been as busy as ever in Foundation Stage. We have found evergreen plants to make a Christmas wreath, baked delicious cakes and biscuits, planned and held a party for Paul the bear and found out about Diwali. Oh, not forgetting addition in Maths and learning to blend the first set of sounds in Phonics. No wonder we're all ready for a holiday!

The children did a wonderful job of their Nativity performance—we were so proud of them. They were so confident and the volume of singing from such a small class was amazing.

Thank you to all of those of you who are filling in the reading records on a regular basis. We have been putting the rest of the school to shame with our unbeaten run of winning the reading trophy. Congratulations Foundation Stage!

[Or should that be FUNdation Stage—the children want to rename it!]

Next term our topic will be Bears and we will be reading Goldilocks and the Three Bears. More information on the school website in January. We will also be learning about celebrations in RE. If you have any photographs of your child enjoying a family celebration, please could we borrow it to share with the class.

Just a reminder to follow the school on Twitter—FUNdation Stage feature regularly!

A Merry Christmas to you all from all the Foundation Stage Staff.
