

# Spring 1 - Discoveries

Choose an extra hot activity for 4 dojos.

Choose a hot activity for 3 dojos.

Choose a medium activity for 2 dojos.

Choose a lemon and herb activity for 1 dojo.

X4	Write a story about a discovery or write a newspaper article about a famous discovery.	Create your own water cycle (make, draw or explain).	Find out about a famous scientist. How could you present this? a biography or a factfile (yr3/4) PowerPoint?
X3	Write a dairy entry about a trip you have done with your family.	Ask your teacher for your maths investigation sheet.	Research and present information about a scientific discovery
X2	Look around your home for examples of 3D shapes. How can you record this?	Design and label your own invention. Explain its purpose.	Create a poster to promote e-safety. This could be handmade or designed on a computer
X1	Write a Book Review about a book you have enjoyed.	Play a game with your family and record the result.	Create your own word search or cross word using key words linked to discoveries

The class expectation is that at least 5 tasks should be completed over this half term as part of their home learning when tasks are completed hand in on a Monday for feedback.

Also children should be practising spellings, times tables and reading with an adult at least three times a week.

If you don't have a printer please email the school admin address so that we can print it off for you. Contact details are on the School website.
