

Objective	Milestone Indicators	Basic Activities	Advanced Activities	Deep Activities	Resources
To master techniques - collage.	<p>Milestone 2 Select and arrange materials for a striking effect.</p> <p>Milestone 3 Mix textures (rough and smooth, plain and patterned).</p>	Discuss the various tasks to be shared out and look at the materials available for collage. Allocate the tasks between the children. With support, they make items for the collage.	Discuss the various tasks to be shared out and look at the materials available for collage. Allocate the tasks between the children. With prompts, they make items for the collage.	Create the background for the river beginning with the mountains at the top. The land will gradually get flatter as it comes towards the sea. Show how the background can be created with paint, torn paper and pieces of fabric. Allocate jobs to children.	<p>Rivers PowerPoint River features - key words and definitions printed onto card and cut up A large sheet of paper the size of the display board A range of collage materials - fabric pieces in blues, greens and browns, textured paper, tissue paper, cling film, wool in shades of blues, greens and browns Poster paints PVA glue Brushes Cardboard</p>
