

## **Home-Start Greater Manchester- Filming at Woodbank School**

On the 17th January 2018, Woodbank School is hosting some filming by The Media Room and Tuesday Films. These two companies are making a film for the charity Home-Start in Greater Manchester.

Home-Start is a family support charity working with families in Bury and this film will highlight how they are helping local parents with the early learning of their children. As such, the film companies need to produce some footage of children walking to school at the start of the day, playing in the playground etc. (As this will give the film context).

One camera, along with cameraman, (Alex Robinson), producer (Jo McLeish) and director (Nadya Mahdi) will be present from 8.30am onwards on the 17th January.

If there any children, (who due to Safeguarding reasons), cannot be included in the filming please let Mrs Garforth know by Monday 15<sup>th</sup> January 2018. The filming will not single out any individual children.
