

‘Believe, Achieve, Succeed’

In 2017/18 we would like to:

- Make sure everyone at Hillside has a growth mind-set and ‘Believes, Achieves and Succeeds’
- Improve reading outcomes and progress by encouraging pupils’ love of reading, widening their vocabulary and improving their understanding.
- Developing a mastery approach to basic skills such as maths facts, punctuation and spelling
- Make sure every child achieves their potential through the use of targeting, tracking and testing; informing parents quickly if further support is needed
- Continue to develop collaborative working with families, local schools and other providers in the Castle Community Hub to make sure all children and families have high aspirations and have their needs met early

At Hillside Primary school we believe everyone in our school community can achieve and succeed.
