Maths is very important in everyday. Many jobs involve using maths. We are asking for volunteers to come into school and talk about how they use maths in their jobs. Are you a cook or caterer who needs to count and weigh ingredients? Are you a mechanic, who needs to check and measure different parts of a vehicle to make sure it is safe? Perhaps, you are a builder or joiner who carefully measures and calculates to work out what is needed?

Please let your child's class teacher know, if you would like to take part.
