

KS2 School Games

Boccia Tournament

Two teams from Hillside took part in the School Games Boccia tournament, held at Newsome High school, run by SPIN. The competition, which was a qualifier for the West Yorkshire School Games, attracted twenty four teams. Both of the Hillside teams started really well, winning both of their opening games. Hillside's 'B' team then found the going tough. Though each of their remaining three games were very close, they lost each one. The 'A' team however continued to impress and won their group and the semi-final of the whole competition. They have now qualified for the West Yorkshire School Games to be held at Leeds Beckett University.
