Issue 19 02/02/2018

News

We have had some busy mornings this week, with two class assemblies performed by 6RC and 4SMS. Our awards assembly will now be on Monday due to this, so there will be no awards page in this week's newsletter.

On Monday, Year 6 will be having their height and weight checks performed by the Luton Schools Nursing Service. Unless we hear that you do not want your child to participate, all children will be checked. This is a national program to monitor how children are growing. All checks will be performed sensitively and in private.

Teacher Training Day on Monday 19th February

6RC Class Assembly

6RC's class assembly was based around their topic of Crime and Punishment. The children shared facts and the audience took part in a quiz about different punishments. They also acted out 'The Caravan' story and shared some of their warning stories.

Thank you to all the parents who came to watch and support the children.

4SMS Class Assembly

On Friday, 4SMS performed their class assembly which showed off some of the amazing things they have been learning about in class. These included, water cycles, news headlines, health and fitness and also their 'dangerous door discovered' topic involving stories with portals to other worlds.

Luke Temple

Famous children's author, Luke Temple will be coming into school on Thursday and Friday next week. He will be talking to children about some of his most popular books and reading exciting and spooky excerpts. On Friday, children will be able to purchase books which Luke Temple will personally sign for them.

Next Week in English

Year 3

Next week, Year 3 will be writing diary entries based on futuristic setting. In History we will be writing the diary entry of a Stone Age boy.

Year 4

Year 4 will be entering the invention stage of our writing this week. We will be using all our newly learnt skills to write a recount in the form of a newspaper report. We will be reporting on the epidemic of portals that have appeared in Luton!

Year 5

After learning about writing a diary entry this week, Year 5 will be writing two diary entries, linking in the learning from topic about World War II.

Year 6

Next week in English, we will be planning and writing our own explanation texts. We will be using the features we have identified this week so that our writing will include the same qualities.

Next Week in Maths

Year 3

Next week, we are interpreting intervals of scales on bar charts and completing, interpreting and inferring data from bar charts.

Year 4

Year 4 will be learning to convert between units of time and understanding the calculations needed. They will be measuring, estimating and comparing length and estimating with mass and capacity.

Year 5

We will be learning long multiplication using formal methods in Year 5.

Year 6

Next week in maths, we will be moving onto solving problems that contain more than one operation and using algebra.
