6<sup>th</sup> February 2018

Dear Parents/Guardians,

This term in Science we will be studying 'Animals'. This will involve looking at the differences between a variety of common animals (fish, amphibians, reptiles, birds and mammals); carnivores, herbivores and omnivores; animal body parts; conditions needed for healthy growth; pets and farm animals; as well as the habitats they live in. To help support the children's learning we have organised a visit from Zoolab on Tuesday 27<sup>th</sup> February 2018.

Zoolab has a fantastic Life cycles workshop specifically designed to complement the curriculum topics of animals including humans and living things and their habitats.

The children, if they wish, will be given the opportunity to handle the animals in a safe and controlled environment, although they **do not have to** handle any animals if they do not want to. Whilst we do have medical information for your child, regarding allergies, if you have any concerns about this visit, please liaise with your child's class teacher.

The cost of the visit is £349, so we need to ask for a voluntary contribution of £5 per child to cover the majority of the costs. Payment may be made in cash or by cheque, made payable to 'HOSM Primary School'.

In order for your child to take part, please sign the permission slip below and return it to school as soon as possible.

Yours sincerely

Miss J Winstanley  
Mrs T Levitt  
Mrs Johnson  
Mrs A Rush

I give permission for my child \_\_\_\_\_ class \_\_\_\_\_ to take part in the Zoolab experience on Tuesday 27<sup>th</sup> February 2018 and enclose a voluntary contribution of £5.

Signed \_\_\_\_\_
