

REDUCE , RE-USE RECYCLE

SAVE
THE
TURTLES

Don't use plastic bags or water bottles because all of the litter will go to landfill so when it goes there it will travel to the sea and animals will eat it and be full up when they are starveing and the sadly die . Sea Turtles need help and all the other sea animals! Quite alot of the rubbish goes to the beach and when the sea tutles lay eggs they will have to lay them in rubbish and some babies will sadiy die in it . BY Olivia and Gabrielle
