Now that we are half way through the academic year, please can I ask KS2 parents to leave your child in the **main school yard** at 8.50am and wait on the other side of the wall to wave goodbye. There are lots of parents standing in the line with children waiting for the bell which causes issues with safety. Before the holidays there was a collision with a child and a parent with a buggy which could have been a lot more serious than it was and all children have been spoken to about this. We also encourage our KS2 children to be as independent as possible and this will help work towards this goal. Thank you for your understanding.

Some of you may have read on the village Facebook page about the Parish Councils concerns re the safety of our children at the **crossing at the new Church Meadows**, which as a school we support. If you do witness a near miss please e mail the details of this including date, time, who was involved and the nature of the incident. We will then feed this information back to the council.

Year 2 had a well-supported **Bright Stars Young Enterprise** event at the end of last half term, a big thank you for attending the event. Miss Robinson will be in touch with further details about the project.

The Directors would like to inform you that **Miss Robinson** is due to have a baby this August and will be absent from school for much of the 2018/19 academic year. They send her and her partner their best wishes during this exciting time. Plans are already in place to secure her replacement and you will be notified of the teaching arrangements for this coming September in due course.

Rehearsals are going well for **Rock Challenge** and the performance is looking great. We will be in touch soon about ordering the team T shirts which are to be worn on the day.
