

Y3 Homework Term 4 – Extreme Earth

Choose **at least 3** activities from the list below to complete **by the end of term**.

Remember you should also be reading regularly and practising your spellings and times tables each week.

<p>Word Search</p>  <p>Create a word search using words related to rocks and volcanoes e.g. magma, igneous, eruption...</p>	<p>Where in the world?</p>  <p>Draw or label a map showing where there are volcanoes around the world.</p>	<p>Amazing Volcanoes</p>  <p>Find out about your favourite volcano and design a poster or leaflet to tell others about it.</p>
<p>Why do volcanoes erupt?</p>  <p>Draw a picture of the inside of a volcano. Label the different parts to explain why volcanoes erupt.</p>	<p>How are rocks made?</p>  <p>Find out about igneous, sedimentary and metamorphic rocks. Draw a picture to show how each one is made.</p>	<p>Extreme Eruptions</p>  <p>Draw a table to compare two different volcanoes. Which country are they in? How tall are they? How often have they erupted?</p>
<p>Dear Diary...</p>  <p>Pretend you have just witnessed a volcanic eruption. Write a diary entry to explain what you have seen.</p>	<p>Volcanic Views</p>  <p>Draw or paint a picture of a volcanic scene. You could even make a 3D model volcano.</p>	<p>Rocking Rap!</p>  <p>Write a poem or rap to share what you know about our topic. You could try to use rhyming words.</p>
