

School Jotter 2 Training

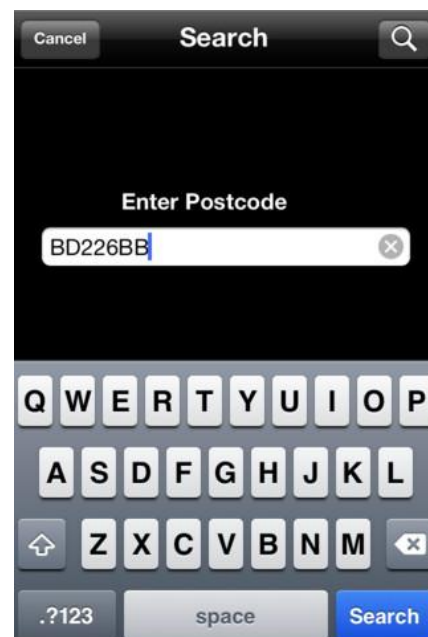

How to add and use the School Jotter 2 Mobile App

[Available as a video](#)

You need to have an iPhone Device and know how to install an App.

1. Search the Google Play website for the Webanywhere School Updates App and install it.
 - a. For your convenience here is a link <http://itunes.apple.com/us/app/school-updates/id524726507?mt=8>
2. Run the App and the Flash page is displayed and then search for your school using it's Postcode.

3. Select your school
4. The news items are displayed in the News Tab. This application gets the news items from the News option in the Manage >News section of your School Jotter 2 website
5. There are some settings in the Settings Tab
