

# Table Cricket

15/3/18

A totally new sport to all of the children that were taken to this event held at Newsome High School. The game, accessible by anyone, is played, as the name suggests, on a table with plastic sides, a ramp to bowl with and a miniature bat. The children very quickly picked up the rules and were able to get started. The team from Hillside got better as the tournament progressed, with skill levels increasing and tactics being employed. They ran out equal winners, but more importantly had a great time.
