Sundon Park Junior School

Weekly Newsletter

News

We had the Mothers' Day lunches for our upper school on Monday and Tuesday this week. It was amazing to see so many mums in our dining hall and the children loved having you. Our upcoming Easter egg hunt is now full. Good luck to everyone who is taking part.

Book Exchange

Thank you to everyone who took part in our book exchange. It was a huge success with hundreds of books being transferred to proud new owners.

4 Dahl Class Assembly

On Wednesday 4 Dahl performed a fantastic class assembly surrounding the importance of British Values. They showed us how inclusion, mutual respect, free speech, the law and democracy help them every day in class.

Many of you will have fond memories of using Leagrave Park as a child including Marsh House, the adventure playground and playing fields. On 25th March, a litter pick to rejuvenate the area is being organized and they need volunteers to help out. If you are interested in taking part please contact Martin Rogers at martin.rogers@luton.gov.uk or 07809100383.

Netball Tournament

On Friday morning, SPJS entered two teams into a netball tournament between Luton schools. This was the first that many of the girls had played in a competition like this and both teams made it to the semi-final.

Next Week in English

Year 3

Next week, Year 3 will begin a new non-fiction unit which focuses on techniques we can use to persuade. We will be learning a persuasive letter linked to our fiction story.

Year 4

In English next week, Year 4 will be continuing their work on writing suspense and action. Pupils will be creating their own stories using techniques learnt previously in the unit.

Year 5

This week, Year 5 have been writing their warning stories. They are going to be improving part of the story at the start of next week as well as learning a new text.

Year 6

Next week in English, we will be changing our focus from Talk for Writing, to reading. We will be working as a whole class, groups and individuals to investigate different texts and answer SAT style questions on them. We look forward to working with the children on their reading skills.

Next Week in Maths

Year 3

Next week, we will be interpreting and presenting data using bar charts, pictograms and tables. This will involve making links between bar charts and pictograms and completing and finding information from pictograms.

Year 4

Year 4 will be learning to interpret discrete and continuous data. We will be learning to choose the best way to present it. We will be revising the properties of shape with a strong vocabulary focus. We will learn to classify and draw quadrilaterals

Year 5

In Year 5 next week, we will be adding and subtracting fractions with the same denominator and fractions with denominators that have a common multiple. We will also be looking at reflection and translation.

Year 6

Next week in maths, the children will be continuing to learn about reflection and translation. They will be plotting coordinates in the 4 quadrants and translating shapes.

Key vocabulary: quadrant, reflection, translation, axes, origin, negative, positive, horizontal, vertical and coordinates
