Cottonwood Mountain Biking

Ten brave souls rocked up to the misty and muddy Cottonwood mountain biking race last Wednesday. In the morning their skills were tested on the windy and narrow tracks. Roots caught children out, rocks looked like boulders and bikes ran off with no riders! After an hour of practice, a quick break was caught.

In the afternoon the race was set. 100 riders lined up for a mass start. Order from chaos looked unlikely. The whistle blew and away they rode; the Roche riders in a tight huddle in the centre of the mass. Early speed from Harley had him in the leading pack with Will and Alfie in close pursuit. After tumbles, turns, jumps and mammoth up-hills, the pack was spread with the Roche riders dotted around the course. The finish line beckoned as tired riders peddled their way to the finish. After the scores had been counted, the mud brushed off the bikes and the sweat was mopped from brows, the winners were announced. Special mentions were given to Ruby and she received a prize. Roche were again mentioned for being 2 points away from a medal spot coming in 4th overall from 10 schools.

A sterling effort from all who went. "More!" they shouted all the way home on the bus. We will see Cottonwood again next year and return victorious!
