

## School News from Copley Junior School

### Pupil Leadership at Copley Junior School

At Copley Junior, we provide many opportunities for pupil leadership and we are always very impressed with the children's ideas and their organisational abilities.

#### House Leaders

Our Year 6 pupils are invited to apply for the role of Captain, Vice-Captain and Ambassador for their House. As part of their role, the House leaders enjoy organising competitions at Christmas and Easter for the children in their House.

#### Sports Council

The elected members of our Sports Council meet regularly through the year to help develop P.E. and games. The Sports Council consults with children across school to help us decide which after school sports activities to offer. They have helped to organise an intra-school Multi Skills Competition, which has involved every child in school recording their scores for a number of events and then practising their skills over a period of time to improve their scores. The Sports Council is currently working to review playtime equipment and organisation to support active play at break times.

#### Playground Leaders

Our Year 6 Playground Leaders have training in Year 5 to prepare them for their role. Playground Leaders organise and lead games to support active play with our younger pupils in school. The younger children always enjoy the activities that older children organise for them.

### **School Council**

Our School Council organised and led activities to raise money for Children in Need. A dress up day, guess the sweets in a jar and a very popular bake sale helped to raise an amazing £421! As part of World Book Day, the School Council have helped to lead a book sale and book swap events.

### **Eco Council**

Our Eco Council is always busy organising activities to raise awareness of environmental matters. One of their recent successful events was a wildlife photography competition. We received a wide range of really creative entries.

### **Mini Life Coaches**

Our Year 6 Mini Life Coaches organise and lead lunchtime activities to support pupils' emotional wellbeing. They run a varied range of activities including mindfulness colouring; Zumba; friendship and team work activities; trust exercises and yoga and relaxation workshops.

### **Anti-Bullying Ambassadors**

We are proud of the excellent standards of behaviour at Copley and our Anti-Bullying Ambassadors lead activities to promote positive behaviour. As part of our E-Safety Week the Anti-Bullying Ambassador led an assembly about keeping safe online and they prepared a great leaflet about e-safety for all the children in school to take home.

We look forward to sharing more of our school news soon.

Best wishes
