

Dear parents/carers,

It was lovely to see so many parents/ carers at the rearranged Reception Consultation meeting this week. We hope that the dialogue with your child's teacher was informative and celebrated strengths, together with suggestions on areas to improve.

Attendance Matters...

*This week's Attendance Cup is awarded to Year 6 .
(figures for last week).
Well done to all in Year 6 for being in school, on time.*

Book Fair Total:

A huge thank you to all our pupils, friends and families who purchased books at last week's Book Fair and helped the school raise £1,162!

The school receive 25% of this total to spend on books for our school library so we are particularly grateful.

Rugby prowess...

Well done to the members of our Years 5/6 school rugby team who braved the atrocious weather earlier this week to take part in the re-arranged NW schools rugby final. The squad, who participated with enthusiasm and fair play came 4th overall. Well done to Mrs Stopps and to Mr Ramage for assisting with the transport.

Discharging their duties...

After learning about the different foods that Roman's consumed in the 1st Century AD, Year 3 forensically analysed some 'coprolites' (fossilized faeces) to gather information about what several skeletons ate over 2000 years ago.

Science Week..

National Science Week at St Peter's prompted a wide range of investigative explorations across the key stages.

SEND Meeting for parents...

Thankyou to all our parents/carers of SEND pupils who attended this week's coffee morning to meet the school's SEND governor, Mrs Hodges. We hope that you found the meeting informative.

Year 5 assembly..

Well done to all the children in Year 5, whose assembly to the whole school and parents/families detailed the story of Shackleton's journey to the Pole. The research was meticulous, and a range of text types including diaries and newspaper articles demonstrated the pupils' written skills.

Sport Relief Billion Steps Challenge at St Peter's...

On Friday March 23rd, we will be marking the end of Sport Relief Week, by asking all pupils who would like to help fund-raise, to pay £1 and come to school dressed as their favourite sports star. During the day, pupils, in their classes, will be 'stepping out' and contributing towards the billion steps challenge.
