## Newsletter April 2018

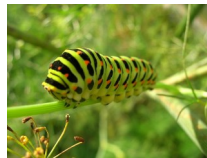

### Headlines

I hope you all had an enjoyable Easter, despite the awful weather. This week is set to improve from tomorrow so get your BBQs ready! You'll have noticed our new gates and fencing around the school. These enhance our security and I hope you'll agree that they also improve the appearance of the school.

### Did you know?

A caterpillar's head contains 248 muscles.

### Breakfast and After School Club

We are in the final stages of setting up our Breakfast Club. Once the financial payments software is in place, we will be able to give you a start date. The club will run from 7.45am each morning. More details to follow in the very near future.

After-School Club is taking a little longer to organise as we arrange suitable staffing and appropriate ratios. Again, more details to follow.

### Nursery

From September our Nursery will offer 30hrs provision for eligible parents. We will also provide the option of additional paid sessions and the choice of booking full days. We hope that this development will support our families more effectively.

### Friends of Holme School Questionnaire

You will be receiving a parent questionnaire with this newsletter. The FOHS would like to gather your views so that the group can grow and be more inclusive. Please return your questionnaire to school by **Friday 27th April**. *All replies will go into a Prize Draw!*

### STARS (Supporting Teaching and Reading)

If you would like to volunteer to support our children with their reading, please contact the school. We will provide training and a free DBS check.

### Reminder to Parents.....

The school continues to follow the LA's Absence Policy and Procedures. Family holidays are not considered to be exceptional circumstances and will therefore be unauthorised.
