

Tag Rugby Festival

17/04/18

Over 30 children took advantage of the opportunity to try tag rugby. The festival, held at Newsome High School and run by SPIN, was an introduction to the game. With a tournament planned for later in the summer, this was a great event that the children really enjoyed. A series of games helped the children learn the basics and gradually more of the games rules were put in place. A good precursor to the tournament later.
