

*At Provost Williams Church of England Primary School we strive to create a safe, happy, engaging and challenging learning environment for all of our pupils. A community where curious minds can discover and develop a lifelong love of learning, where all pupils are encouraged to have high aspirations, to persevere with their learning and achieve their very best. Throughout their time with us the children will develop as reflective, empathetic, respectful individuals and leave us as confident, resilient and independent young people. Together today for a better tomorrow.*
