

Summer Term 2018 Newsletter

Welcome back to everybody, we hope you had a good Easter Break and are ready for the Summer Term. Last term was short and seemed to fly by, but still provided the children with many new learning opportunities. The term was a great success with children making progress and getting out and about. Some of the children took part in inter-school sports competitions and were a credit to the school. We had a great World Book Day with the children arriving in some amazing costumes and showing their knowledge at our Reading Competition. The children also enjoyed Science Week and developed their skills with new investigations. Year 2 had a super day with their Pirate visitor and this helped to support the topic and develop their learning.

The Easter Assembly was a great success and I was very proud of the children, who took part with confidence and enthusiasm, singing some new songs and telling the Easter Story. It was also lovely to see so many Dioramas brought in for the competition and I would like to thank you for the support you gave to the children in putting those together.

I would like to draw attention to an exciting new feature for school which is the app. We are hoping that if all parents sign up to receive information from it, we can lessen the paper burden and communicate much more effectively and quickly with you all. It is available from the App Store.

With the weather hopefully getting warmer at last, we will endeavour to get the children outside as much as possible and make use of all our facilities. It may be advisable to provide your child with an extra water bottle, sun hat and sun cream or apply the cream at home before school.

I would also like to thank parents for the very positive feedback we received from the parental questionnaires handed out on Parent's Evening. The results are on the website and show that at least 94% of those who completed a questionnaire either agreed or strongly agreed with all of the statements and 97% of you would recommend our school. Thank you.

As always can I encourage parents to visit our website which has a great deal of information contained therein. Letters, menus, event photos, Topic Sheets, performance data and curriculum information are all available to keep you up to date with School life.

In addition, I would like to draw your attention to our Safeguarding Policy which details the importance we place on children's safety. Here you will also find information about how you can contribute to the safeguarding of children and how to report any concerns. The E-Safety policy is also there to keep you informed about the best way of keeping children safe.

Overleaf are the important dates for next term but I would like to draw your attention to the following:

Week beginning 14thth May - SATS Week Key Stage 1 & 2. We always take great care to ensure that the children are supported and do not become anxious during this week, so a good breakfast and a few early nights will help them through. I would stress that it is very important that the children are in school for that week where possible.

9th May - Wrates Photography - As usual the photographer will return to take Class Photos. We will also have photographs of clubs which have taken place out of school.

29th June - Transition Day - On this day all children will spend the morning in their new classes and meet their teacher for the next academic year. It is an exciting morning for all concerned and once again I would request that where possible children are in school for that opportunity.
