

## Maths

We will be developing our skills of recognising fractions as decimals and learning percentages. Counting in 10s, 100s, and 1000s is a must, please practice at home. Children will deepen their learning by applying their knowledge to problem solving in a variety of ways and proving how they got the answer.

## English

Year 5 will develop writing skills using great vocabulary choices, super sentence structure, links between paragraphs (cohesion) and editing our own work. Spellings will continue to go home weekly.

## YEAR 5

### Summer Term 1

Perseverance is  
the key

## Theme- 'Ancient Greece'

We will travel back in time to the ages of Odysseus and Pythagoras, as the children explore everyday life, values and democracy during this fascinating period of history.

Children will also explore the geography of Greece, finding out about its famous islands and the capital city, Athens.

## Science

Throughout the Summer Term, children will develop their understanding of Living Things, Habitats and Life Cycles. The children learn about the reproduction of plants and consider what came first, the chicken or

the egg?

**Ancient Greece**

## Music

This term we will be composing using a backing track. Back to the 60s for us as we use Dancing in the streets.

## Art and D&T

Year 5 will use photography to make their own Greek legend. They will plan, make and eat Greek cuisine based on a traditional recipe.

## R.E

We will explore Women in the Bible and their values and beliefs.

## P.E

Year 5 are practising throwing skills as well as Outdoor Adventure Activities and Athletics this term.

PLEASE ENSURE THAT INDOOR AND OUTDOOR KITS REMAIN IN SCHOOL.

## French

In French we will be learning how to count to 60 and how to tell the time.
