

CLIFFE WOODS PRIMARY SCHOOL

30 April 2018

Dear Parents

HELP WANTED!

As I am sure that most of you know, Preschool have a nice new shiny building out at the front of the school, which looks amazing!

For us as a school this means that we get the space that Preschool used back and we have exciting plans for it – we would like to turn it into a Creative Studio!

What does this mean? Well, we would like this room to be used for activities that are difficult to do in the classroom without ruining the carpet! Activities such as messy art, science experiments and cooking.

Before we do this, as I am sure you can imagine, we need to completely overhaul the room. We have a painter and decorator ready to give the place a new lease of life and will replace the carpets with surface that is easier to clean.

However, we really need help in three departments. Firstly, the storage is too high to use so needs taking down and relocating. Secondly, we want to move a section of partition wall to create a new first aid room. Finally, the toilets need a massive redevelopment – in short, they need ripping out and replacing!

In the current educational climate budgets are really tight, so I was wondering if there was anyone that could help us get the room up to scratch and useable for our children.

This new and enhanced space will most definitely improve our superb provision even more and be an exciting place where children and teachers can enjoy doing the fun stuff without the worry of ruining their classrooms.

Any help would be very greatly appreciated. Ideally, we would like to get a working party together but understand that work commitments may not allow this. However, we make a mean cup of tea and have a steady supply of biscuits, so if you feel able to offer some help please just get in touch with the school office.

Yours sincerely

Mr T Muggridge
Headteacher
