13th June 2018

Dear Parents / Carers,

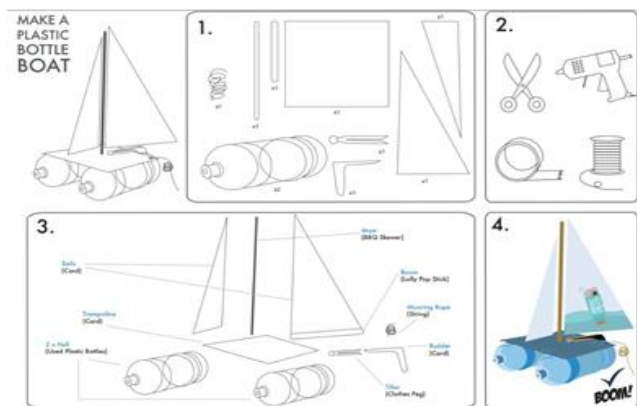

Plastic Bottle Challenge

We are going to be taking part in a world record attempt at the local reservoir. We will be creating a mini Armada of plastic bottle boats and launch them at the same time. The aim is to have 6,000 children, throughout the country, learn about plastic pollution, have some fun and achieve a Guinness World Record.

This will all be happening on Wednesday 27th June and will start at 2pm at Cheddar Reservoir. All the children will be walking with their class to the Reservoir. If you **are able to help** with walking to the reservoir please inform your child's teacher. We will be leaving school promptly at 1pm.

We have a design of a boat sent by the Guinness Book of Records that we have to adhere to. All we would like you to do is bring in two plastic bottles. We will supply everything else. I have attached a picture of the diagram so you can see what we will be attempting to make. The local press will be there on the day of the event.

This is a great opportunity and links perfectly with our end of term production which is entitled "Eddie the Penguin Saves the Day", which is all about the effects of pollution around the world. Please send your child's plastic bottles in by **Friday 22nd June**.

Thank you for your continued support.

Miss Nash
Assistant Headteacher
