

Saint Margaret Mary's Catholic Infant School Newsletter

Friday 29th June 2018

On Wednesday evening, members of our school family were highly commended in two categories at the first Knowsley Education Awards.

Mrs Lysons and all those who work with our children with additional needs, especially our one-to-one support staff; Miss Robinson, Miss Quinn, Miss Mackereth, Miss Booth, Mrs Brodie, Mrs Williams and Mrs Porter, were highly commended as 'Team of the Year'. All those in school who work with our wonderful children with additional needs always go the extra mile and try their best to ensure that all our children have a positive and happy experience of school life.

Mrs Boardman was highly commended in the category for 'Outstanding Contribution to School Life.' Mrs Boardman has been at the heart of our school for thirty years and it is almost impossible to even begin to calculate their positive impact she has had on so many children, families, staff and governors.

**Liverpool Hope
University**

EST. 1844

Throughout the year, we support trainee teachers from Hope University. Our students are always welcome and very well supported. They quickly become part of our school family. In recognition of this, we have been nominated for an award by Hope University for 'Outstanding Contribution' to the partnership.

Our target for attendance is 96%.

Attendance Award in Reception goes to
Class 12

Attendance Award in Year 1 goes to Class 8

Attendance Award in Year 2 goes to Class 2

HEALTH WEEK

Next week, is health week in school. The children will be taking part in a wide variety of activities to develop their knowledge and understanding of how to have a healthy mind and body. The children will take part in lessons which develop their understanding of how special they are and how important their friends and families are. They will enjoy extra P.E. lessons. Some children will take part in Yoga activities, wake up and shake up and the daily mile.

As the children will be taking part in daily exercise we would like the children to come into school each day in their PE kit or shorts and tee shirts and either pumps or trainers.

The children have been fascinated by the new building on the Foundation stage and key Stage 1 yard. Next week, they will be opened up and the children will be shown how to play with the equipment inside. The equipment is designed to develop and encourage role play, language development, team work and a lot of fun.

MGL

ROBOTICS

Today and over the next few days the children will be enjoying computing lessons focused on robotics. These are exciting lessons led a specialist teacher with specialised equipment. We hope the children really enjoy this special experience.
