The Brightwells Gostrey Centre in the centre of Farnham offers wide variety of services and activities for older people in our community, including those with mild dementia. It provides companionship, a freshly cooked lunch, refreshments, therapeutic services and stimulating activities in a welcoming and friendly environment, where everyone is treated with warmth and dignity.

The Woodlarks Centre is a long established care home and activity centre. It provides care and support for young people with a range of disabilities. It is also home to 22 residents and offers respite care and also provides a wide range of activities for non-residents.

Thank you to all the sponsors, artists, schools, individuals, businesses and other organisations whose generosity and support has enabled this idea to become a reality.

Also to the Farnham Herald, Surrey & Hants and to the Life in Farnham Magazine for their great support publicising this wonderful community initiative.
