Forensic Video Services

Can't play a video file?
Need to redact faces or other sensitive data?
Want to enhance or highlight something?

Kinesense Forensic Video Services

How it works?

Send Kinesense the video files and instructions on a DVD/USB, or upload your files to Kinesense's secure server (minimum upload speed 1 MB/s). Just send us an email or call to discuss your requirements.

What you get?

Our specially trained technicians will review the video and provide you with a price. Using the latest evidentially secure techniques, we will send you the completed job on DVD or make it available for download.

Service	Description	Price 2018
Video Conversion	conversion of video files to a standard playback format	€95 (per file / 1hr)
Video Searching	reviewing video to find key events	€60 (per hour video)
