

# THE BRITISH INDEPENDENT FILM AWARDS

## BENEFACTORS' PACKAGES

The British Independent Film Awards were founded in 1998. In 2003 we successfully launched our first Benefactors' Programme. We continue to develop the programme which has enabled benefactors to support the Awards' promotion of new British filmmakers directly, and develop long lasting relationships between key members of the industry and the British Independent Film Awards.

This is a way for film professionals or companies involved in the industry to demonstrate that they or their company support the British Independent Film Awards and the British film industry as well as ensuring an allocation of tickets at this exclusive event at an early stage.

There are two benefactors' programmes, Corporate and Individual, outlined below (prices on application). A benefactor will have access to a range of benefits which enhance the opportunity to engage at all levels of the British film industry. Numbers are strictly limited.

A **Corporate Benefactor Package** includes the following:

- Four tickets to the British Independent Film Awards, including the after-show party
- Four additional Awards after-show party tickets
- Special mention as Benefactor in BIFA catalogue
- Logo and company blurb on Benefactors page of BIFA website with icon-driven link to your site
- Full-page advertisement in BIFA programme

And the **Individual Benefactor Package** secures:

- Two tickets to the British Independent Film Awards, including the after-show party
- Two additional Awards after-show party tickets
- Special mention as Benefactor in BIFA programme

We look forward to you becoming a benefactor and thank you for your support of British filmmakers. For more details please email [info@bifa.org.uk](mailto:info@bifa.org.uk) or visit [www.bifa.org.uk](http://www.bifa.org.uk)
