Although **millions of students appear for NEET every year**, the success rate of those qualifying is quite low. Less than half qualify for NEET, and then there is further drop-off from there. For those who have made entering the medical industry their life's purpose, there are several options available, with lucrative opportunities, salaries, and more!

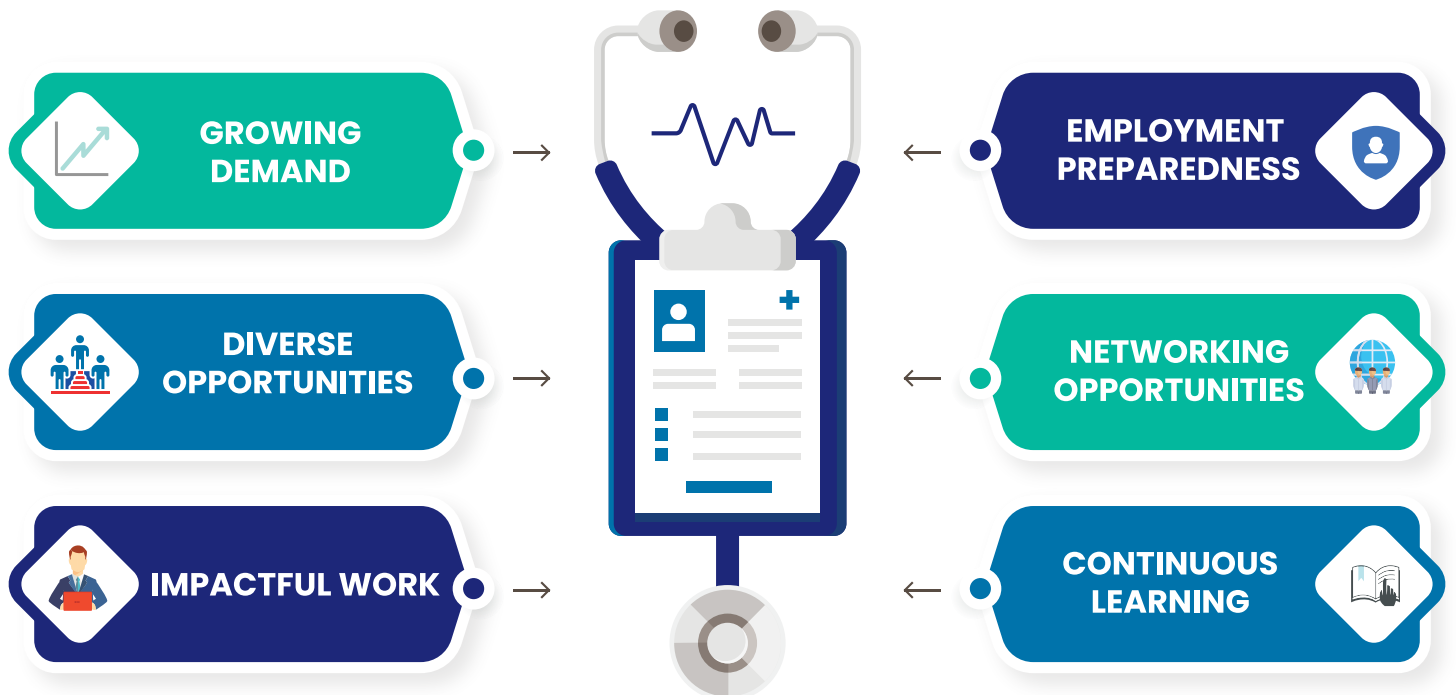

ATTRACTIVE SALARY PACKAGES WITH POTENTIAL GROWTH FOR ASPIRANTS!

EVERY YEAR, LAKHS
OF STUDENTS ATTEMPT
THE NEET EXAMINATION.

MANY PURSUE CAREERS IN HEALTHCARE FIELD

In the past few years, only **thousands** got seats in **government** colleges. Many of the remaining will reappear, but there are still great opportunities in the healthcare field. PW School of Healthcare offers alternative pathways to learn for a career in healthcare!

DID YOU KNOW?

Nurses and Allied Healthcare Professionals (AHPs) make up a **majority** of the workforce!

Doctors form only a minority of the healthcare workforce. The majority comprise of Nurses & Allied Health Professionals (**AHP**), including technicians, paramedics, therapists, caregivers, etc.

Enormous shortage of AHPs in India.

LET'S SEE WHAT OUR STUDENTS HAVE TO SAY ABOUT US

“

I am Salman from Kashmir. I know that PW stands for test prep that can make you a great leader. The vision of Alakh Sir to provide quality education at an affordable price has brought me to PW so that I can become a good paramedic.

SALMAN

”

I am Bhumi Sharma from Delhi. I chose the B.Voc. MLT course in PW Skills School Of Healthcare. I did not know what are the details of this B.Voc. course, but Ma'am explained everything properly that there is 70% practical & 30% theoretical knowledge, compared to very less practical in B.Sc. MLT.

BHUMI SHARMA

“

I am from New Delhi. I chose MLT. Although this is my first day, it is going very well, interacting with the best faculties. We had a cake cutting ceremony here too since it was our first day! It is an amazing experience to be here!
