

GENELA

LEATHER GOODS
CATALOGUE

We are a **Polish manufacturer** of leather goods. For **40 years** we have been actively engaged in selling our products to **Polish and European Markets**. We offer a large variety of products such as: wallets, keyholders, notepad covers, cases and etuis. Our products are composed of various natural and synthetic leathers.

We hold **ISO 9001:2015 accreditation**.

We work with our top tier European material supplier partners. All of our products are manufactured in a modern state-of-the-art workshop, where we control every detail of the manufacturing process.

Thanks to innovative and specialized machinery we can fulfil custom-made orders manufactured according to our customers' designs. Our qualified and professional staff allow us to undertake even the most complex jobs.

MATERIALS

■ For our products we use only **high quality artificial** and **genuine leather**.

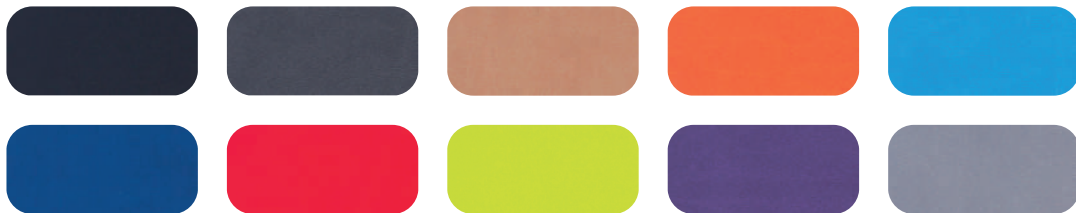

Artificial leather Sandra – material with shiny face, very close to natural leather in looks.

Available in colors: black, navy blue, dark brown, claret, red, green

Artificial leather Viva – matt material in large variety of colors, great thermo-embossing effect.

Available in colors: black, dark grey, beige, orange, blue, navy blue, red, light green, violet

Artificial leather Caro – modern material with black finishing imitating nappa leather. Laser engraving releases the base color.

Available colors of base – red, green, blue, orange.

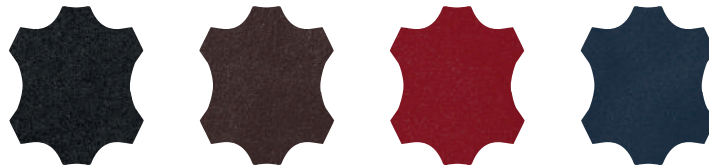

Natural leather Kenya – high grade Italian full grain natural leather, vegetable tanned. The unique beauty of natural face is acquired by hand finishing.

Available in colors: black, dark brown, claret, navy blue, red.

Natural leather Derby – full grain leather with delicate and soft finish, chrome tanned.

Available in colors: black, dark brown, claret, navy blue.

*** Color disclaimer** – there may occur shade differences between batches of materials.
