

COVID-19 UPDATE

We are very happy to announce we are now open!

The government has made the decision that it is now safe for our clients and employees for us to re-open. Following the government guidelines we are able to re-open but still need to follow social distancing advice.

You are now able to queue from the comfort of your own home. Self-book your appointments and be assured there will be no queue.

Please scan the QR Code below to download the Booksy app and book your appointment with us or schedule your appointment in our kiosk at reception to book the next available time slot.

Thank you for your support.
