MEETING DEMAND

YET, EXCEEDING EXPECTATIONS!

The project focuses on addressing the growing demand for quality healthcare services in this thriving city, offering an extensive range of medical specialties and advanced facilities. It seamlessly integrates patient-centric care, robust infrastructure, and a multitude of services, all driven by innovative technologies and harnesses data for better informed decisions. This holistic approach ensures that it caters to the dynamic healthcare requisites of both the local and global populace.

WELLNESS

BEYOND THE ABSENCE OF ILLNESS

We recognize that healthcare extends beyond just addressing ailments and illnesses. It encompasses the broader spectrum of well-being. That's why we're dedicated to infusing the concepts of wellness and rehabilitation into the very core of our healthcare ecosystem. We believe that true health means not only healing the body but nurturing the mind and spirit as well.

BE WELL

AN OPPORTUNITY TO BE PART OF THE JOURNEY

This is an invitation for you to **BE WELL**. By either harnessing Andalusia Wellness Park Roshdy's **FINANCIAL WELLNESS** for your favor and **INVEST WELL** in a stable industry and sustainable asset, or by harnessing ARC's **OCCUPATIONAL WELLNESS** using the state-of-the-art medical clinics to Professionally **DO WELL**.

WELL-CALCULATED INVESTMENT

AWP offers a unique investment proposition characterized by sustainable pricing and substantial asset appreciation. Our Mixed-use properties demonstrate an impressive average increase of 19.7% per square meter, outperforming retail-only properties by a substantial 7-10% in rental appreciation rates.

A man with a beard and short dark hair, wearing a white lab coat over a patterned shirt and a watch, stands in a greenhouse filled with various potted plants. He is smiling at the camera. The background shows wooden shelves with more plants and a bright window on the left. The text 'INVEST WELL' is overlaid in a pink, serif font, with a thin white arc connecting two dots on either side of the text.

WELL FACILITATED

To make sure all the operations are running smoothly, our medical facilities, tailored **management systems**, and **modern lifestyle amenities** come together to empower healthcare professionals to reach new heights of success. At Andalusia Wellness Park, we are committed to enhancing your ability to provide top-quality patient care while nurturing your growth as a healthcare professional.

MEDICAL FACILITIES

FACILITATING OPERATIONS THROUGH:

- Capex Management

- Accessibility To The Laboratory & Radiology

- Accessibility To The Pharmacy

- Nursing Excellence

CAPEX MANAGEMENT

AWP's capex management system ensures that healthcare practitioners have access to the latest technologies and equipment to deliver top-quality care with continuous investment in medical infrastructure.

ACCESSIBILITY TO THE LABORATORY & RADIOLOGY

AWP's medical facilities ensure easy accessibility to state-of-the-art labs with cutting-edge diagnostic equipment and radiology services. This accessibility enables healthcare professionals to quickly and accurately diagnose various medical conditions and offer appropriate treatment.

ACCESSIBILITY TO THE PHARMACY

AWP's medical facilities include on-site pharmacies that are well-stocked with a wide range of medications and healthcare products. This accessibility ensures that healthcare providers can efficiently fill prescriptions and provide patients with the necessary medications without any delay.

NURSING EXCELLENCE

AWP's nursing staff consists of highly skilled and compassionate individuals who play a crucial role in patient assessment, monitoring, and support throughout the healthcare journey. Their excellence extends to administering medications, managing patient records, and maintaining a compassionate and comforting environment for patients.

TECHNO MEDICAL FACILITIES

FACILITATING OPERATIONS THROUGH:

- Seamless Care Coordination Platform
- Interactive Patient Connectivity App
- Digital Health Archives
- Doctor Connectivity Platform
- Synchronized Electronic Medication Administration Record
- Fintech & Revenue Suite
- Optimized Supply Chain Control Center

SEAMLESS CARE COORDINATION PLATFORM

AWP streamlines the whole patient journey, from booking and scheduling to revenue cycle management, patient movements, encounter management, and queue management.

These comprehensive tools enhance the efficiency of healthcare delivery, ensuring that patients receive timely and effective care while efficiently managing their financial interactions.

INTERACTIVE PATIENT CONNECTIVITY APP

AWP offers a Patient Engagement Mobile App with a wide range of features designed to empower patients.

From booking appointments and accessing medical records to managing health insurance details with instant WhatsApp support, to stay informed and get immediate assistance, all in one place.

DIGITAL HEALTH ARCHIVES

AWP incorporates state-of-the-art Electronic Medical Records systems that offer immediate access to patient data.

This electronic solution elevates patient care by facilitating precise diagnoses and personalized treatment plans while significantly reducing administrative paperwork.

DOCTOR CONNECTIVITY PLATFORM

AWP streamlines all interactions and management tasks for healthcare providers.

It grants physicians instant access to critical patient data, empowering them to make informed decisions swiftly.

SYNCHRONISED ELECTRONIC MEDICATION ADMINISTRATION RECORD

AWP integrates an advanced Electronic Medication Administration Record system that, ensures accurate and timely administration of medications, enhancing patient safety and treatment outcomes.

Through eMAR, healthcare providers can effortlessly record medication details, monitor administration schedules, and promptly identify any discrepancies, significantly reducing the risk of medication errors.

FINTECH & REVENUE SUITE

AWP's finance module offers precise management of general ledger, accounts payable, and accounts receivable, while providing valuable insights through financial reporting.

It streamlines billing processes, simplifying tasks from insurance setup and eligibility checks to claim tracking.
