

Certification Program in **Finance, Tax and Accounting (CPFTA)**

in association with

About the Program

Brief overview

The Certification Program in Finance, Tax and Accounting (CPFTA) is a comprehensive upskilling course designed in knowledge partnership with PwC India to equip participants with essential skills and knowledge in finance, accounting, and taxation.

This 4-month online program, conducted on weekdays through recorded and live classes on weekends, includes practical case studies led by industry experts from PwC India. Tailored for individuals seeking to widen their expertise or pivot their careers into finance and taxation. The course offers a solid foundation in accounting principles, corporate finance, financial analysis, and tax regulations. Participants will gain hands-on experience with industry-standard tools, making them ready for the challenges of the modern financial world.

Vision

To empower the next generation of finance professionals with cutting-edge knowledge and practical skills, bridging the gap between academic learning and industry requirements.
