

Dearest Family and Friends in Christ,

November-December 2018

Tis' the season to celebrate the birth of our Lord and Saviour Jesus Christ! Of course, we as his people should always be celebrating what the Lord has done for us, but what a blessing that the world is generally more open to hearing the gospel and acknowledging his goodness as well. Our goal should be to share the ultimate gift with others this Christmas season!

It has been such a blessing to be part of the ministry here in Minnesota with Pastor and Sister Rogers and church family at Cornerstone Baptist Church. It was a real joy for me to teach Junior Church. The Lord has allowed me to meet many wonderful families. One family in

Cornerstone B.C. Children's Church

particular I would like to ask prayer for is Tysh Walton and her four children. The Lord allowed me to lead Katherine (11 years old) to Him, and she is doing a great job at helping her mother at home with the other little ones as well as trying to be a godly example to influence her

Tysh and her Children

family for Christ. I was able to do some discipleship classes with Katherine as well as give her some lessons on growing in Christ.

At her young age, she really needs our prayers as she searches for God's will for her life.

As of late, God has been doing great things in Family Baptist Church in Trinidad. On November 25th, the church had their first Deacon Ordination Service under the leadership of Pastor Satoo. Three of the churches faithful men were given the charge and gladly accepted what God had for their lives at the moment. Pastor George Mohammed, a national pastor from Fundamental Baptist Church in Chaguanas, Trinidad, was the guest speaker and helped to prepare the new deacons, their

families, and the church family for this step towards the church mirroring that which Christ commands in His Word. Please pray for the men (Bro. Hilary Ramdial, Bro. Terry Dempster, and Bro. Miguel Mohammed) and their families as they adjust to their new roles and try to do their best for the cause of Christ.

Deacon Ordination Service

Well, my time here in Minnesota has come to an end. The only happy part about this news is leaving this freezing weather. How I long to be back in the hot and humid weather back in Trinidad. I'll be leaving for California on December 28, 2018. I am having some medical exams related to my shoulder, which the doctors say is now bone on bone. A shoulder replacement is the next step needed to help relieve pain and discomfort; however, I was advised to wait until I can't bear the pain anymore. The doctors say that at my age and the rate of bone deterioration due to osteoporosis, I will end up with more than one shoulder replacement surgery.
