

LINKING ENVIRONMENT AND FARMING

Director, Business Development

Leading sustainable farming organisation, LEAF (Linking Environment And Farming) has an exciting opportunity for a Director, Business Development based at Stoneleigh Park, Kenilworth, Warwickshire.

LEAF is looking for a dynamic, proficient target oriented and experienced individual to build its outreach and generate income to support the Charity's objectives.

In this pivotal role, the successful applicant will plan and execute a sales strategy to strengthen LEAF's relationships with its members, key industry bodies, trusts and foundations; developing and presenting compelling business cases that deliver the Charity's growth ambitions.

Full time - competitive salary - pension.

Email for applications (please send CV and supporting letter) or for further details to enquiries@leafuk.org.
