FaceTime A Farmer

Connecting Classrooms and Farms

LEAF Education's FaceTime a Farmer initiative, with Farmer Tom, is transforming how farmers connect children with their food and where it comes from.

FaceTime a Farmer is all about harnessing the power of digital communications to inspire and engage young people about farming and where their food comes from. Children chat live to farmers from their classrooms through FaceTime or Skype, discuss ideas, ask questions, share knowledge and gain a 'real-time' understanding of the issues farmers face every day.

 @LEAF_Education

 FarmingAndCountrysideEducation

"There are so many benefits which include learning about where our food comes from, rural landscapes, understanding the different jobs involved in farming, renewable energy, healthy eating and a great focus for British values"

100%

of respondents have enjoyed the FaceTime a Farmer initiative

100%

of those respondents that are having conversations will continue next year

We are now looking for teachers and farmers to register for FaceTime A Farmer 2018/19. To register please visit:
