Going into the future by revisiting the past

Gerard Vonk, General Manager, Tangmere Airfield Nurseries
‘What does the circular agriculture concept mean to our business?’
What are the pitfalls and hurdles?
What does production of agricultural produce and commodities using a minimal amount of external inputs look like?
‘Where are we on closing nutrient loops and reducing negative discharges to the environment?’
‘How critical is valorising agri-food wastes?’
How can we work more effectively with cross-industry and regulatory collaboration to deliver successful programmes?
How can we measure and compare circular performance?
'Closing the loop to shape a new economy. Is it possible by 2030?'
‘You can’t go green, if you’re in the red!’
