

LINKING ENVIRONMENT AND FARMING

Technical Assistant role at LEAF

Leading sustainable farming organisation, LEAF (Linking Environment And Farming) has an exciting new opportunity for a Technical Assistant, based at Stoneleigh Park, Kenilworth, Warwickshire, CV8 2LG

LEAF is looking for a dynamic, proficient and analytical agricultural graduate to join a close knit technical team to provide technical support for its core technical services.

In this varied and exciting role, the successful applicant will conduct technical project activity and research and provide technical advice and support to LEAF's members, stakeholders and networks and at LEAF's technical events.

Full time - competitive salary - good pension.

Email for applications (please send CV and supporting letter) or for further details to:

enquiries@leafuk.org. Applications close 31st July 2019.
