THE LIGHTING & INTERIORS GROUP

Welcome to our Latest Products

Introducing our brand new products for our Earthy Joy & Twilight trend collection.

Trend: Earthy Joy

Earthy Joy channels warmth, comfort and vibrance. The joyful and stylish trend makes use of bold popular colours such as ochre, emerald and teal to add warmth to homes. The products incorporate strong patterns of repetition to add style and structure to the unconventional shapes and designs.

Trend: Twilight Luxe

Twilight features jewel colours and would suit a luxe interior. The products heavily feature luxurious materials such as velvets, our new Keira shade is inspired by kintsukuroi (repaired with gold). The new products add mystery and style to any room.
