# Civil Parking Enforcement in Stockport

## Annual Report for the period 1 April 2016 to 31 March 2017

This report, relating to Stockport's Civil Parking Enforcement operation, is prepared in accordance with the provisions of the Traffic Management Act 2004 and covers the period 1 April 2016 to 31 March 2017.

Stockport comprises of a Town Centre surrounded by a number of District Centres including Bramhall, Marple, Cheadle & Cheadle Hulme and Edgeley among others.

### 1 Introduction

Decriminalised Parking Enforcement was introduced in Stockport in April 2005, the Council being granted powers to do this by Central Government under the provisions of The Road Traffic (Permitted Parking Area and Special Parking Area) (Metropolitan Borough of Stockport) Order 2005

Part 6 of the Traffic Management Act, 2004 introduced numerous changes to the scheme which became known as Civil Parking Enforcement (CPE).

The key elements and objectives of CPE in Stockport are summarised as follows:

- There are Traffic Regulation Orders (TROs) for waiting restrictions in Stockport.
- Waiting restrictions are intended to improve road safety, maintain traffic flows and reduce pollution.
- Some of the Stockport's car parks are controlled by TROs and are subject to Pay and Display conditions.
- The Traffic Management Act 2004, (TMA) changed the name of Parking Attendants to Civil Enforcement Officers (CEOs)
- The TMA also introduced differential penalties depending on the contravention.
- The TMA provided for possible additional enforcement powers.
- The objective of CPE is to contribute towards the Local Authority's transport objectives through close involvement with the Council's Network Management Team, the Police and Fire Services together with other agencies such as Transport for Greater Manchester and the Disabled Drivers Association.
- Raising revenue is not the objective.
- The purpose of Penalty Charge Notices (PCNs) is to dissuade non-compliance of regulations.
- Penalty charge payments must be used in accordance with section 55 (as amended) of the Road Traffic Regulation Act 1984

## Civil Parking Enforcement in Stockport

### Annual Report for the period 1 April 2016 to 31 March 2017

#### 2 Penalty Charge Levels

Parking penalties outside London are much lower than in the capital but are set nationally by Central Government. There are two levels of penalty applicable to parking contraventions dependent upon the severity of the contravention and the following table provides details of the variable levels of charges under the charging band operating in Stockport: -

(1) Higher level penalty charge	(2) Lower level penalty charge	(3) Higher level penalty charge paid early	(4) Lower level penalty charge paid early	(5) Higher level penalty charge paid after service of charge certificate	(6) Lower level penalty charge paid after service of charge certificate
£70	£50	£35	£25	£105	£75

Parking contraventions are classed as higher or lower level dependent upon the severity, determined by Central Government legislation. Columns 1 and 2 refer to the penalties at their respective levels.

Penalties paid within 14 days of issue attract a 50% discount for early payment as illustrated in columns 3 and 4.

Penalties remaining unpaid, and unchallenged result in a Charge Certificate being issued a minimum of 60 days following the issue of a PCN, which increases the penalty by 50%, as illustrated in columns 5 and 6.

21,404 PCNs were issued to motorists in Stockport during the year, and information relating to their disposal is included at Appendix E.

A total of £669,708 was paid in penalties, and a full breakdown of all parking income is included at Appendix A

# Civil Parking Enforcement in Stockport

## Annual Report for the period 1 April 2016 to 31 March 2017

### 3 Enforcement

Parking Enforcement is undertaken throughout Stockport on all highways and car parks subject to regulation, by Civil Enforcement Officers who are empowered to issue PCNs to vehicles or drivers appearing to be in breach of the regulations. This operation takes place throughout the year including Bank Holidays, the regulations on highways also being applicable on those days contrary to some motorist's perception. Signs indicating a restriction, normally accompany yellow lines and these should always be checked when parking to avoid the risk of a penalty. However, it should be noted that double yellow lines indicating 'no waiting at any time', no longer require accompanying signs. In addition to ensuring that motorists comply with parking restrictions, those Local Authorities granted CPE powers are also empowered to enforce some other traffic matters.

#### **School keep clear markings.**

One of the major areas for concern caused by parked vehicles is outside schools, particularly at starting and finishing times due to parents dropping off and collecting children.

Most school entrances are protected by 'keep clear zig -zag' markings which generally denote that vehicles are prohibited from stopping there during the school day.

The restrictions are intended to improve road safety ensuring that children crossing the road are not masked by parked vehicles. We work closely with the Council's School Travel Team and schools to reduce this problem by advising motorists and where possible, encouraging alternative methods of travel to school, other than the car.

Unfortunately, some parents stop their vehicles in these areas, endangering other children. As a result, our CEOs are requested to pay attention to most of the schools in Stockport. This is completed on a rolling programme throughout term times. From March 2016 the Council has been issuing Regulation 10 Notices (on school zig zags only). These are issued when a standard Regulation 9 Notice is being recorded, but the driver drives away. This type of Notice can still be issued, but is served via post, as opposed to being attached to a windscreen or handed to a driver.

# **Civil Parking Enforcement in Stockport**

## **Annual Report for the period 1 April 2016 to 31 March 2017**

### **Dropped Crossings**

Enforcement action can now be taken in respect of motorists parking across dropped crossings, i.e. locations where footpath kerbs have been lowered to provide ease of access to pedestrians at road crossing points. These lowered kerbs are particularly helpful to wheelchair users or people with restricted vision wishing to cross the road, whose progress can be severely impeded by inappropriately parked vehicles.

This power also extends to vehicle crossing points over footpaths such as driveway entrances, to help deal with instances where these access points are obstructed by unauthorised vehicles, a common and frustrating problem in some areas. The Council only deal with this type of contravention on complaint from a property owner as the legislation allows such owners to park across the access to their own property or permit others to do so.

Most of these locations are not identified by signage or line markings although some may have the familiar white 'H' marking painted in the road but advice is contained within the Highway Code in respect of parking where kerbs have been lowered for these purposes. The Council has previously publicised the intention to enforce these contraventions and motorists are generally becoming more aware of the requirement to keep them clear.

### **4 Enforcement Arrangements**

Operational parking enforcement in Stockport is carried out by 'in-house' Civil Enforcement Officers (CEO's), who patrol the city streets and car parks under Council direction. CEOs can issue PCNs for a number of parking contraventions included at Appendix D.

PCN processing, which includes dealing with correspondence, payments and appeal file preparation is dealt with by a small team of Council Parking Officers.

### **5 Appeal Arrangements**

Motorists wishing to contest PCNs, have various options open to them to do so.

In the first instance, a motorist may make a written challenge to the Council either by letter or e-mail or, more recently, by on-line form. Should this challenge be rejected and the PCN remains unpaid, a Notice to Owner letter is sent to the vehicle keeper who may then make Representations, again to the Council.

If such Representations are rejected, motorists are able to formally appeal to the Traffic Penalty Tribunal (TPT), where an independent adjudicator will hear the case.

TPT appeals can be heard in person, by post and now by telephone which assists in speeding up the process, providing more convenience to all parties. Indeed, the Council has taken part in a number of telephone hearings during the year saving time and the expense of attending a hearing in person.

In all cases, the Adjudicator's decision is final and binding on all parties.

Further information in relation to the work of Traffic Penalty Tribunal can be accessed at <http://www.trafficpenaltytribunal.gov.uk/site/index.php>

## Annual Report for the period 1 April 2016 to 31 March 2017

### 6 Relationships with Other Agencies

#### Police

Stockport Council has close working relationships with other agencies, particularly the Police.

#### DVLA

It is a requirement for vehicle owners to keep the DVLA informed of changes to keeper details and failure to do so is in itself a criminal offence.

#### Social Services

We currently liaise with the Council's Social Services Department in an attempt to reduce the fraudulent misuse of disabled persons parking permits, commonly referred to as 'Blue Badges'.

### 7 Car Parking

The Council operate a number of Pay and Display, and free car parks, most of which are listed on Appendix B.

#### Controlled Parking Zone

There are a number of Controlled Parking Zones (CPZ) within Stockport, the main one being the pay and display zone around the Town Centre.

Highway signage outlines the applicable restriction at all entry points into the zone. Generally speaking, waiting is restricted between the hours of 8am and 6pm, Monday to Saturday.

Additional signing within the zone gives details of other applicable restrictions in force at that point, particularly in relation to loading or unloading operations.

The notable exception to the last rule is that all double yellow lines are enforceable 24 hours a day and no additional signs are required.

Waiting is permitted on some roads within the controlled zone in marked bays subject to the purchase of a pay and display ticket, available at roadside machines. The CPZ is covered by regulations enforced by the CEOs.

## Civil Parking Enforcement in Stockport

### Annual Report for the period 1 April 2016 to 31 March 2017

#### Charges

In general, car park charges are: -

Town Centre - Mon – Sat Class A 80p per hour, Class B 50p per hour. Both classes are 20p per hour on Sunday, where applicable.

District Centres – Class C - Mon – Sat 20p per hour, and free on Sunday.

\* Excludes Country Parks

On-Street charges apply to the Town centre only, Mon- Sat: -

1 hour only £1.80, 3 hours – 90p per hour, 10 hours 90p per hour. Sunday's are free.

Annual contracts are available on some of our Pay and Display car parks.

A full list of charges is included at Appendix C

Payment can be made using pay-and-display machines or via mobile phone or online at [www.myringgo.co.uk](http://www.myringgo.co.uk). There are also a number of types of parking permit available.

The Council has determined that owners of vehicles falling within Emissions Band A are exempt from parking charges. The exemption applies in on and off street public parking places operated by the Council throughout the borough in respect of vehicles having exhaust emissions of 100g/km or below.

From Wednesday 1st October 2014 the paper tax disc was abolished and no longer needs to be displayed in a vehicle windscreen, however, so that Stockport Council can continue to identify Band 'A' VED vehicles, we request that owners continue to display their tax disc. If they do not have a tax disc, they may apply for a permit (£10 administration fee) to confirm the vehicle's eligibility.

Charges apply to Council employees to park on workplace car parks which entitles all who subscribe, to park on specified car parks. Fees are deducted at source from salaries.

# **Civil Parking Enforcement in Stockport**

## **Annual Report for the period 1 April 2016 to 31 March 2017**

### **8 Local and National Liaison**

Over 250 local councils now undertake Civil Parking Enforcement, including all those in Greater Manchester and the Council is usually represented at the various meetings and seminars held both at local and national level where matters of best practice are discussed.

### **9 Performance**

There are no targets for PCN issue in Stockport, and the CEO's are not paid a bonus for the number of PCN's they issue.

Challenges and Representations made to the Council in respect of PCN's are considered on their own merits and we believe that matters are dealt with in a fair and appropriate manner, discretion being exercised where appropriate.

All our Notice processing team are experienced in dealing with parking enforcement and in addition to answering telephone queries, they consistently deal with all written Challenges and Representations within the statutory time restraints – as at Appendix F.

### **10 Further Information**

Civil Parking Enforcement is now more widespread as an increasing number of Councils take on the powers and whilst it may not be the most popular of functions, the majority of the motoring public seem to accept that it is a necessary activity to maintain traffic flows.
