LunaJets Recognised Best Swiss Employer by Bilan

We are extremely happy and proud to have been rewarded “Best Employer 2018 in Switzerland” (category start-ups <50 employees) by the financial magazine Bilan, for its 10th edition of the best HR practices of the region.

Bilan’s survey was developed taking several key factors in consideration:

- Total compensation
- Health promotion policy
- Equality promotion
- Training and development
- Work-life balance organization
- Vacation and compensatory leave
- Mobility
- Social corporate responsibility
- Welfare, communication, motivation and involvement.

LunaJets provides employees with several advantages that have played an important role in granting us this prize. Some of those advantages are progressive, whilst others could be described as exceptional.

Indeed, in addition to the possibility for each employee to benefit from flexible hours, in-house and external training opportunities, supplementary accident insurance, they also have access to a massage therapist, a spacious kitchen with fresh fruits, healthy snacks and cereal bars, and a fridge full of healthy food and smoothies. Staff still in the office after 8pm are also offered free take-away meals at the local Italian restaurant. Moreover, the LunaJets offices are 100% pet-friendly, and we occasionally welcome and enjoy the visit of employees’ four-legged best friends – bed, toy and bowls always on stand-by.

One should also mention unconventional and much appreciated amenities such as a rest room, and a fully equipped gym allowing for exercise, cycling or yoga practice. A shower in the office lets the sportiest ones run or cycle to and from work. Without forgetting the unrestricted use of our LunaMobile© company pool car, the incredible winter ski retreat and the summer lake barbecue day and evening parties, during which our team rekindles the family spirit of our company.

Being a great employer enables LunaJets to hire, train and retain the best and most motivated private jet advisers, whom are available 24/7 to charter your private jet flights at the best price on the market.

About LunaJets

Based in Geneva since 2007, LunaJets is the leading independent European private jet booking platform, offering the best price, service and flexibility anywhere in the world. For business or for pleasure, from Very Light jets to Super Large jets or VIP airliners, LunaJets organises all types of flights and guarantees 24/7 worldwide service. With access to more than 4,800 recent aircraft, LunaJets uses a proprietary smart technology to match client needs with available business jets. With our mobile app, booking a private jet through LunaJets is made even more convenient and simple.
