REQUEST FOR QUOTATION **ISO 45001 GAP ANALYSIS**

Background

Coral Products Mouldings Ltd is part of the Coral Products PLC Group and is a manufacturer and distributor of plastic injection, extruded and blow moulded products into a diverse range of sectors including food packaging, personal care, household and automotive. The Company works to very high quality/environmental standards and already have documented systems compliant with ISO 9001:2015, ISO 14001:2015 and BRC.

Many of our clients require certification of the latest Health & Safety standards, namely ISO 45001:2016. Our company employs 92 staff at present. Accreditation to ISO 45001 would assist in further efficient growth of the business. The creation of a revised ISO accredited quality management system would also support efficiencies in the day to day running of the business including:

- Health & Safety Objectives
- Hazard & Risk Identification
- Recruitment and training
- Customer satisfaction
- Emergency Preparedness & Response

Obtaining and maintaining ISO 45001:2016 accreditation will also enable the business to secure larger contracts and generate further opportunities for expansion and growth.

Requirement

This RFQ is for a gap analysis to aid with preparing and setting up its systems to gain ISO 45001 accreditation. Quotations are invited from appropriately qualified consulting bodies

Deliverable Timescale

Coral Product (Mouldings) plans to commence the project immediately and gain full accreditation within 12 months.

Indicative Budget

This work will be part funded through European Regional development Fund. The project falls within the £ 4000-£6000 bracket and therefore, under current Public Procurement Regulations, there is no formal tender procedure but a detailed written quotation is required.

Evaluation Criteria

Quotations will be assessed and scored on the following criteria:

Cost	40%
Demonstrable understanding of industry sector	10%
Clarity of quotation	20%
Delivery Timescale	30%

Scoring Methodology

4 – Excellent	Proposal meets and in some places exceeds the required standard
3 – Good	Proposal meets the required standard
2 – Acceptable	Proposal meets the required standard in most respects, but is lacking or inconsistent in others
1 – Poor	Proposal fall short of expected standard
0 – Unacceptable	Completely or significantly fails to meet required standard or does not provide the relevant answer

Proposal Format

Proposals should clearly demonstrate how they meet the requirement set out above.

Deadline and Submission

Quotations are required by 1600 Hrs, 28th June 2019, either electronically or by post/in person to Samantha Porter, Coral Products (Mouldings) North Florida Road, Haydock Industrial Estate, Haydock, Merseyside, WA11 9TP

Date Published

31st May 2019

This work is part funded by the European Regional Development Fund.

Conditions of Tender

- Please be aware that due to the relatively low indicative budget for this work (i.e. less than the current OJEU limits) there is no regulatory obligation for us to provide feedback if you are unsuccessful.
- We reserve the right to discontinue this tender process at any time and not award a contract.

- You will not be entitled to claim from us any costs or expenses which you may incur in preparing and/or submitting your Tender at any stage of this exercises. This applies whether or not your organisation is successful.
